

INFORMATION FOR ARTISTS ABOUT THE
SPACES AND EXHIBITION OPTIONS AT

LiTE-HAUS

LiTE-HAUS often exhibits group shows featuring many artists in all three rooms. These exhibitions are “appetizers” to introduce artists to our community, and for us to learn about you. Artists are mostly selected from open calls, and contribute a cash donation to help fund the exhibitions.

However, artists may also apply for exhibitions in one, two, or all three rooms at any time. This is an opportunity for an artist to show more artworks in an exclusive space.

Information about these representation packages is available on our website on the ARTISTS + CURATORS menu.

The information on the next pages introduces you to our rooms, with measurements, so you can decide which space is best for you. Prices quoted are for each room. Only one artist may exhibit in a room.

We also offer space rental, where the artist must handle their own exhibition promotion and gallery sitting. If you are interested in that option, please find the RENT menu on our website. With that option, artists can share space.

Note that the rooms are furnished, so the rooms are not empty. Depending on the exhibitions in the other rooms, it might be possible to rearrange the furniture, or move items to another room.
